

## Why two weeks ?

Over the last eight years parents have suggested that the camp should last for two weeks...

"My son and daughter would benefit from the high quality of training."

"It is better to stay, save time, save money and get a lot of fencing."

"Take advantage of the beautiful environment that Brown University has to offer."

### Camp'10 Dates:

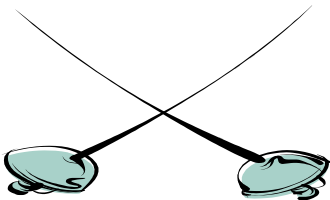

First week July 18 - 23

Second week July 25 - 30

Or both weeks July 18 - 30

With a weekend excursion to NEWPORT  
July 24

There is an additional fee for room and board between sessions
